

SS - Table Top & SS - Platform

Applications:

- Pharma
- Food
- Chemical
- Check weighing
- Paint Mixing
- Packaging

- High tensile strength
- Rust Proof & Corrosion resistant
- Simple and ease of operation

Overview:

GT & GP series will be the perfect selection for excellent strength, high accuracy and reliability. Our low profile scales are made-up of SS 304 Stainless Steel and box construction ensuring maximum resistance towards corrosion and abrasion. We are also offering add-on range of functions in the scale as table top and platform both which gives more mobility to fulfill all your weighing applications.

Technical Specification:

- **Display type:** Large Bright Green LED display for front easy viewing
- **Power Source:** AC 230V + DC 6V/4AH Rechargeable battery
- **Dimension:** 429 x 350 x 409mm

Optional accessories:

- Direct printer Interface
- RS232 output interface
- Date & Time facility
- Direct printing of company details, weight and date-time
- Low profile Scales - Available

Salient Features:

- The classic performance and its assessment with cost effectiveness
- Up to 100000 external display divisions
- Stabilization indication
- Rugged 304 stainless steel construction suitable for industrial environment
- Rugged wash down design
- Accumulation and backlight setting function
- Inbuilt rechargeable battery with 24hrs backup
- Overload protected upto 150% of Capacity

SS - Indicator

GT Series Specification:

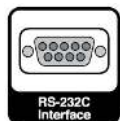

Model	Capacity	Accuracy	Pan Size	Platter(MOC)
GT 15SS	7.5/15 kg	1/2 g	330X240 mm	SS
GT 30SS	15/30 kg	2/5 g	330X240 mm	SS

GP Series Specification:

Model	Capacity	Accuracy	Pan Size	Platter(MOC)
GP50SS	50 kg	5 g	400X400 mm	SS
GP100SS	100 kg	10 g	400X400 mm	SS
GP150SS	150 kg	10/20 g	600X600 mm	SS
GP300SS	300 kg	20/50 g	600X600 mm	SS
GP1000SS	1 Ton	200 g	1200X1200 mm	SS
